

Yuba County Office of Education is focused on effective, high quality, cost-efficient delivery of state and federal programs, initiatives, and services. We fulfill this mission by working with districts in Yuba County to ensure that every student has access to, and benefits from, a quality educational experience.

It is the vision for all schools in Yuba County to provide for the educational needs of students, to promote student achievement and lifelong learning, and to help produce contributing members of a diverse and ever-changing global society. We believe that learning best occurs when each student is an active participant in a positive, integrated, and academically challenging program. We believe that the educational programs in Yuba County districts, as well as those provided by the county office, develop the intellectual, creative, social, emotional, and physical potential of each student and that our staffs, parents and community possess a shared responsibility in providing opportunities that meet the needs of each student.

Our schools work with parents and community in developing good character and proper attitudes toward our democratic way of life and our responsibilities as citizens. We help our students develop sound social and moral habits including honesty and integrity. Working together as a team, we support our children as we prepare them to meet the challenges of life as they develop a sensitivity and appreciation for their self and others.

Our employees are in a constant and continuing mode of improving their skills, knowledge, and development to meet the needs of all students. They work hard to provide an environment that dignifies the individual person, focuses on rigorous and relevant instruction, and encourages ongoing self-improvement. We all work as a team to provide safe, secure, clean, and inviting environments that are conducive to a quality educational program.

We recognize our responsibility to make informed decisions that promote quality education for everyone. Our employees adhere to their committed beliefs and work diligently to ensure relevant instructional materials are available and in use, to provide the latest technological systems necessary to support a challenging curriculum, and to operate as full partners with staff and parents to provide positive learning experiences for our students.

The bar is going up and our schools are up to the challenge! No problem we encounter is too great, no obstacle will stand in our way, as we continually improve and develop programs that effectively serve our students.

Richard D. Teagarden, Superintendent
Yuba County Office of Education

OUR MISSION

The Yuba County Office of Education's purpose is to improve the quality of life for all Yuba County citizens. Our specialty is equipping those with unique needs with the knowledge, skills and attitudes that will enhance their journey and empower them to realize their full potential.

CORE VALUE STATEMENTS

The values of the Yuba County Office of Education are our essential and enduring tenets, not to be compromised for financial, program or personal gains.

We are dedicated to:

- Promoting honesty and truthfulness in all we do.
- Acting in a fair, consistent manner deserving of trust and respect for each individual.
- Appreciating the value of humor in life events while acting with sensitivity and compassion.
- Expecting personal interaction that promotes dignity and appropriate levels of personal responsibility.

OUR VISION

The Yuba County Office of Education team believes we can make a positive difference in our community and in the lives of those we are committed to serve. We create an atmosphere that inspires mutual respect, trust, pride and commitment. We support each other, recognize achievements, and promote the highest level of quality service. As a team, we encourage cooperative decision making through open communication and continuous professional growth.

Watkins, AnnTruancy Officer/Dept of Probation Rep 741-6145

School Attendance Review Boards (SARBs) are composed of school and community members who meet regularly to diagnose and resolve persistent student attendance or behavior problems. County SARBs are convened by the county superintendent at the beginning of each school year. Yuba County Office of Education serves as the coordinating agency for the Student Attendance Review Board (SARB) process. School Attendance Review Boards (SARBs) help truant or recalcitrant students and their parents or guardians solve school attendance and behavior problems through the use of available school and community resources.

The Superintendent of Schools works with all districts in Yuba County to ensure positive attendance for all students in Yuba County.
